

Okefenokee Country Club

Dear Members

May 2020

Stay tuned for future plans as they become available for the events and holidays in May.

We would like to thank each and every member for your continued support of our club during these uncertain times. We assure you the Board of Directors and staff here at O.C.C. are doing everything possible to keep the club functioning and available for your enjoyment as safely as we can. While the near future is full of uncertainties, rest assured that the health and well being of all involved is our number one priority. Difficult decisions have been and will continue to be made with the best information available. We are keeping up with the suggestions and guidelines set by the CDC and our governments, and using those to make the choices we feel are the best moves for our club. Patience is something we are all rediscovering as we move forward. We will keep you all updated as tournaments and events are discussed and re-planned. Again, thank you all.

Email is the quickest way for us to get information to you. We are still having issues with a few servers that mark our emails as spam because of the large amount we send. Please add our email ocnews@atc.cc to your address book to help us with this problem. We hope to have all of the bugs worked out soon! Thank you for your patience. If you are not on our email list, send a request to ocnews@atc.cc

Please continue to be safe.

Greeting from Turf Care,
April has been a busy month for us and May isn't going to be any different. We have been aggressive with our cultural practices on the greens as well as on the tees and are already starting to see improvements. We will be fertilizing the golf course on the 27th of April.
Thank you for your patience and support.
Stephen Stokes
